INTRODUCTION

We introduce you to Croki, a token on the Cronos blockchain created by a diverse group of well-skilled individuals from around the globe to become the Floki of this new chain. On our expedition to the crown, we will operate with integrity, transparency, and respect for our community.

Utilities will be developed for Croki that will give us more momentum and a strong base line. We are here to shape the future of this blockchain and be a diverse part of it along the way.

The standard for meme coins is to focus solely on aggressive marketing pushes, cult mentality, and of course; hype. They strike when the anvil is hot, and think about the use case later.

With Croki, we intend to bring you the best of both worlds by implementing solid utility and a strong community.

OUR MISSION

Our mission is to redefine the meme market through Cronos chain. We have planned utility as our roadmap states. Croki will provide longevity through utility along with competitive, interactive features that will separate us from the rest.

We aim to grow along with the Cronos chain and will be put up as one of the pioneer meme tokens on the Cronos chain. The Cronos chain is not known by many yet, we are seeing a growth in investors who are new to the Cronos chain by a huge margin.
